Dear Sir or Madam

I have worked on two websites with Sue from Singernet now and I felt the need to put down on paper my experiences.

I am not a computer literate individual so needed my hand holding throughout the whole process, also as I work in a creative industry I wanted to design my own website.

None of this phased Sue one bit, after taking a very thorough brief I was told exactly what I was to provide, what artwork, what images – everything.

The whole process seems to fly by with out any problems, whenever I had a problem or a question Sue was at the end of the phone to help me.

The admin suite is very straightforward; I can update my projects or news whenever I want – I don't even have to call Sue!

I would not hesitate to recommend Sue and Singernet to anyone in need of a top class website.

Kind regards
